

**SLIDING FITTING**

**MEXIS<sup>®</sup>**  
HARDWARE FITTING

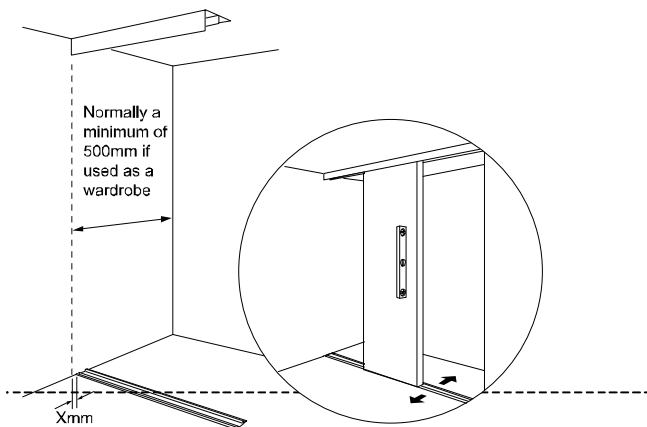

## 1 Sizing The Tracks

Measure the width of the top of your opening. Using a set square mark a straight line across the Top Track A. Measure the width of the base of your opening. Mark a corresponding line across the Floor Track B. Cut the tracks using a fine tooth hacksaw or aluminum cutter machine

## 2 Installing the Tracks

**Top Track-**Position the Track into the top of the opening.. Mark where holes need to be drilled in the track (we recommend a fixing at each end and center then at approx 500mm intervals in between). Drill and plug the header/ceiling in line with the holes drilled in the track and fix the top track using the long screws provided.

**Floor Track** Position the track on the floor of the opening. Mark where holes need to be drilled in the track (we recommend a fixing at each end and center then at regular intervals in between) before permanently hitting the floor track to your fit. Fit the door into place and using a spirit level adjust the Floor Track so the door becomes

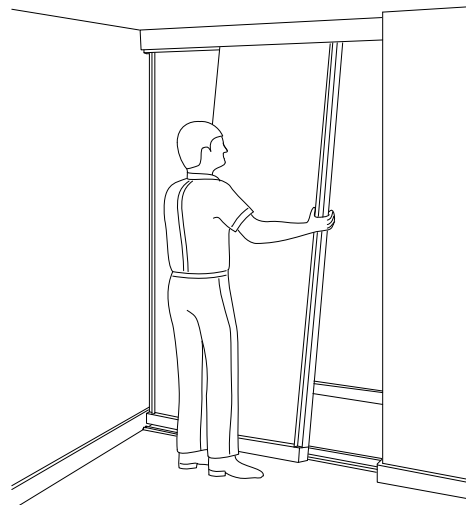

## 3 Positioning the Doors

Position your doors in the appropriate combinations shown below, to allow for overlapping

## 4 Installing the Doors

Always locate the back door's first. Angle the door and insert the top of the door into the top track. Straighten the door and lower the bottom wheels into the Floor Track grooves.

## 5 Adjusting the Doors

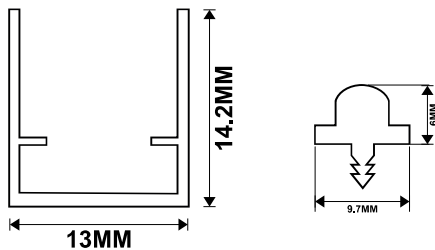

Align the doors so the end doors are plumb to the side walls. Adjust the bottom wheels using a screwdriver, altering the height and angle of each door. Turn the screw clockwise to raise the door and anti-clockwise to lower the door.

## 6 Engaging Anti-jump Clips

Clips must be engaged to ensure doors do not leave tracks

## SINGLE TRACK - 12MM

- ✦ Finish : Regular, Oxide anodize
- ✦ Material : Aluminium Grade 6063-T6
- ✦ Specification : High tensile and yield strength,  
Perfect dimension,  
Hassle free installation

Product Code	Size	MRP Per Pcs	Master Pack
MST-5408	8 Feet	0000/-	20 Pcs
MST-5412	12 Feet	0000/-	20 Pcs
MST-5408A	8 Feet - Anodize	0000/-	20 Pcs
